

Ann Njeri Grade 8

DEAR FLITZ / REV BETH;

Hallo! I hope you are fine there at USA. I want to greet you and your families. I am a student from Njoro D.E.B primary school. My name is Ann Njeri.

I joined this program when I was in standard one and now am in standard eight when I come to P.C.E.A Njoro OVC programme. I found teachers who cared for me and cooks who cooked for me and my fellow brother and sisters food.

I will thank you for the love that you have for helping us. As I remember very well last year August you came to visit us at Njoro P.C.E.A town where we welcomed you with a lot of love. I know our chairman went with you to visit many parts of our country.

I want you to greet Bob, Shamika, Molley, Christine, Sarah, Matt, Martha and Habib. Tell them to greet their families. I also thank you for the fundraising of rearing chickens that you offered us. May the Lord almighty bless the work of your hands.
