

Love

DEAR FLITZ / ACU BETH;

I am taking this great opportunity to greet you. How are you? I hope that you are fine. My grandmother and I are also fine. I wanted to tell you that I still remember the best moment that we spent together. Your image is still circulating in my mind.

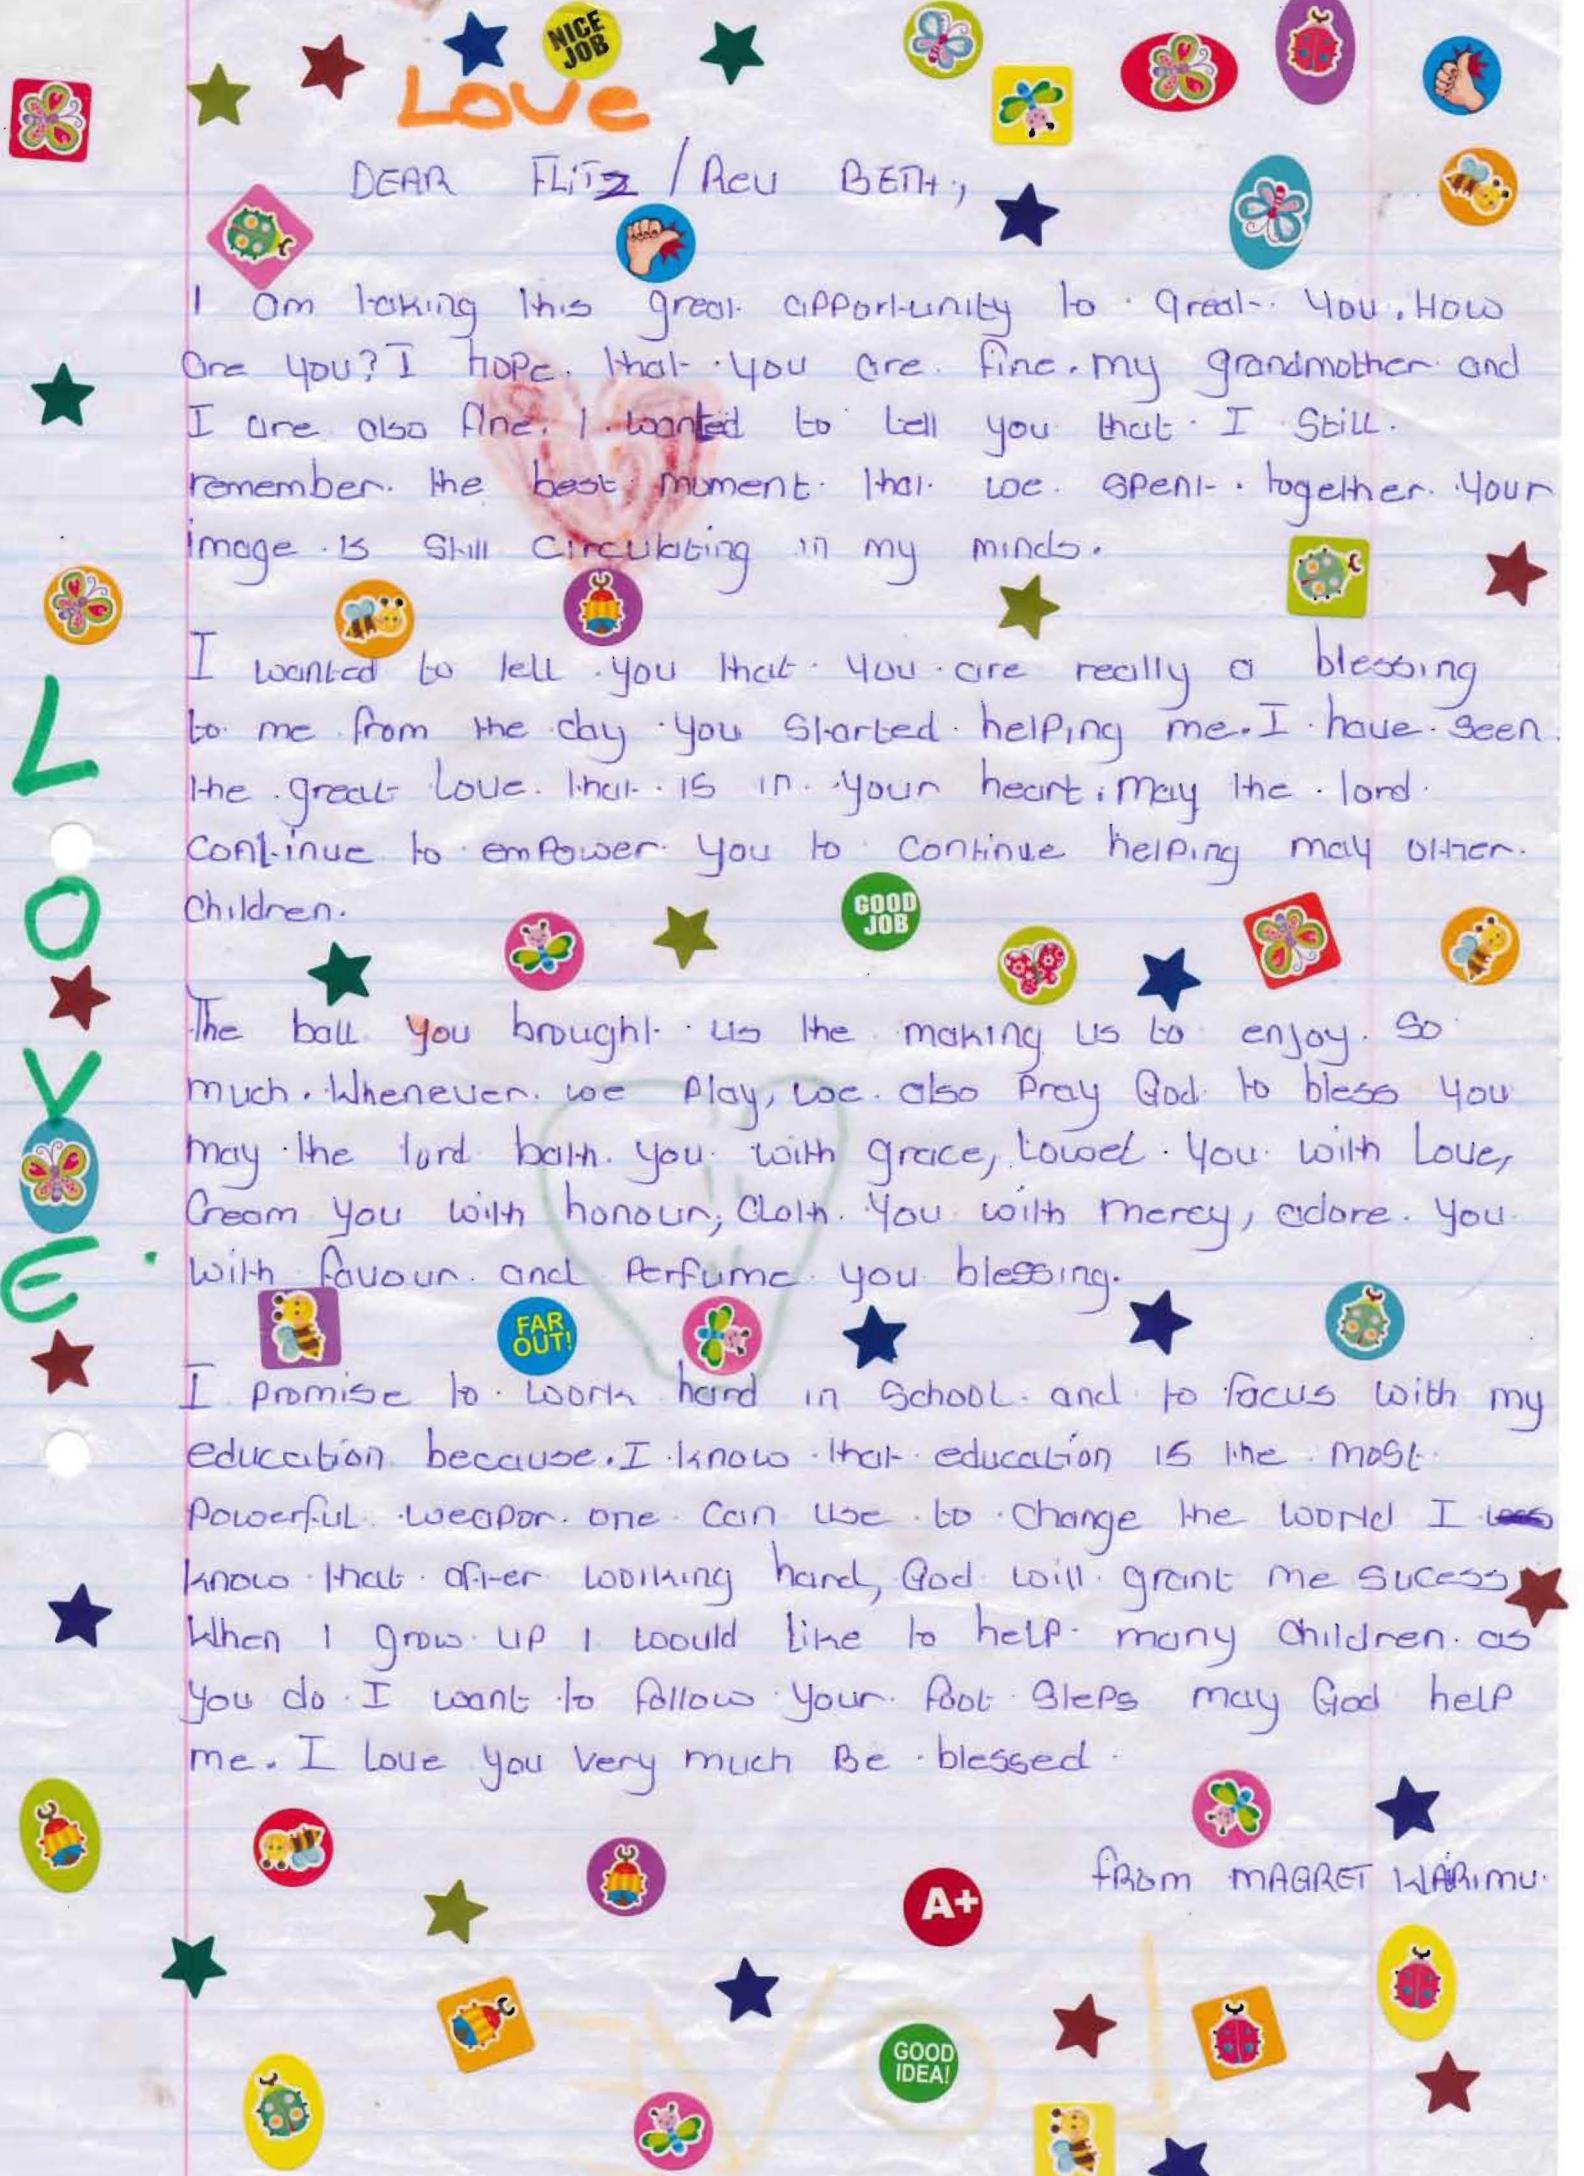

I wanted to tell you that you are really a blessing to me from the day you started helping me. I have seen the great love that is in your heart. May the Lord continue to empower you to continue helping many other children.

The ball you brought us the making us to enjoy so much. Whenever we play, we also pray God to bless you may the Lord bath you with grace, cover you with love, crown you with honour, clothe you with mercy, adorn you with favour and perfume you blessing.

I promise to work hard in school and to focus with my education because I know that education is the most powerful weapon one can use to change the world. I know that after working hard, God will grant me success. When I grow up I would like to help many children as you do. I want to follow your foot steps may God help me. I love you very much. Be blessed.

from MAGRET WABIMU.
