

SUPER STAR

DO IT NICE

Dear flitz / Rev Beth.

How are you I hope you are fine mine is just but greetings. I am a girl in form One, at Mjoro Day Secondary School. I am glad to inform you that since I joined the programme I have seen so many changes in my life.

I truly want to inform you that I am so grateful for the support that you offer like paying our school fees I would like to inform you that we closed school and I attained a B plain.

I have got two sisters and four brothers. When I grow up I would like to be a lawyer. I am looking forward to achieving my dreams career.

I would like to inform you that since you left Kenya in the year 2013 I missed you so much that I wished I could have wings to fly and follow you but it is all in vain because if wishes were horses beggars would ride. To me you are more than a sister.

Greet everybody there and tell them that they are truly welcomed in Kenya.
