Spark house On-Line

Thank you to everyone who registered on-line for Sunday School! If you are registered as a “parent” you should get take-home materials for your children. If you are registered as a “leader” you have full access to all of the materials.

If you would like to change from parent to leader or from leader to parent, please let Alice know. She needs to change each entry manually.

And, you haven’t done it yet, or have registered your family but not individual children, please register here.

Go to Sparkhouse Online at:
<http://sundayschool.sparkhouseonline.org>.
Under “New User,” enter your Church ID: nyapcsundayschool
Complete the rest of the requested information and click “Submit.”
You will receive a confirmation e-mail when your request is approved.

Getting strange email messages from Spark-house?

It seems as though some of you are getting reminder messages for things you didn’t sign up for. If you are a ‘leader,’ then you get reminders for every event whether or not you actually signed up. Sorry about that. Trying to fix. it.
