Sunday Worship March 15 10:00am

Video:  https://zoom.us/j/7957541802
Audio: 1 929 436 2866

As you prepare to worship online...

Silence your cell phone as you would in the sanctuary.
Find a space of beauty.
Plan on giving yourself to God for the duration of worship, rather than multitasking.
Invite others in your home to worship with you.
Get out your Bible and a journal.
Consider printing your bulletin from the website or having it open – we plan on following it closely because we are worshipping together, even as we are in different places.
Light a candle to invite the presence of Christ, into your midst.
Plan on giving your offering online before or after the service.

Reflections
Share your comments on the church Facebook page and/or to upload a picture of your “worship space.”

What stirred in me during this time of worship?
What needs cultivating during this season of Lent? What needs letting go?
What words arose from the Scripture today?
What prayers do I bring for others?
For my family? For the world? For myself?

What anxieties do I have about this COVID-19 pandemic?

Where might I be called to serve and give?
